

# FORTUNE DEPOSITORY SAFES

SECURING YOUR DAILY EARNINGS

## WHY FORTUNE DEPOSITORY SAFES?

Entities like petrol pumps, retail stores, medical shops etc. continuously handle cash transactions. Currently this cash is kept in wooden drawers/ cabinets with ordinary locks. Such handling is prone to pilferage/ theft in the absence of proper security equipment. The cash received is divided into petty cash and bundled notes that are needed to be stored separately. Hence, a robust and secure solution is needed to counter such problems.

### FEATURES

#### Anti-fishing Mechanism

Second drawer has a unique in-built anti-fishing mechanism which makes pulling out cash from safe - virtually impossible. This secures the safe from pilferage attempts.

#### Snap Shut Mechanism

Drawers are set into locked condition on closure, with the help of high precision locks. To open them, key is needed. Snap shut mechanism can be activated as per requirement.

#### Multi Purpose Application

This cabinet has ideal height and can double up as pedestal for a desktop.

#### Re-inforced Security

It can be grouted to the floor if needed.

#### High Precision Lock

It is fitted with high precision 6 lever lock for the storage unit and two lockable drawers.
